Conservation Campsites

Department of
Conservation
Te Papa Atawhai

Responsible camping

You could get a \$200 instant fine by:

- Freedom camping overnight where there is a no camping sign.
- Freedom camping overnight where there is a self-contained sign and you are not using an approved NZ Standard self-contained vehicle.
- Depositing waste while freedom camping.

DOC Visitor Centre staff can advise where you can freedom camp safely and responsibly in New Zealand and where local camping restrictions apply. New Zealand's Freedom Camping Act 2011 means visitors who ignore good camping practices and/or camp in the wrong places can receive an instant fine of \$200.

For more information on responsible camping visit doc.govt.nz/freedomcamping.

Information correct at the time of printing. Current information is available on the DOC website at doc.govt.nz/campsites. Feedback about this brochure is welcomed, please email recreation@doc.govt.nz.

Conservation Campsites

TE IKA-A-MĀUI NORTH ISLAND

Arohe, Waikato/King Country (p20). Photo: DOC

Conservation Campsites are places to relax, enjoy and explore the great outdoors. The Department of Conservation (DOC) manages more than 200 campsites throughout New Zealand. Choose from lush forest settings, lakeshores and sandy beaches. This brochure highlights campsites managed by DOC on conservation land. For more information on individual campsites, check out doc.govt.nz/campsites. Enjoy camping with DOC!

What to expect

Fees will vary at some campsites. For prices at individual campsites, go to doc.govt.nz/campsites.

Serviced campsites* \$18* adult; \$9 child

Serviced campsites have a wide range of facilities and services: flush toilets, tap water, kitchen/cooking bench, hot showers, rubbish collection and road access for all types of vehicles. Laundry facilities, BBQs, fireplaces, cookers and picnic tables may be provided.

Scenic campsites* \$13* adult; \$6.50 child

These campsites are in high use locations and have a more limited range of facilities and services than Serviced campsites: toilets, water supply (tap, stream or lake) and vehicle or boat access. Wood BBQs and fireplaces, cold showers, picnic tables, a cooking shelter and rubbish bins may be provided.

Standard campsites \$8* adult; \$4 child

These campsites have toilets, water supply (tap, stream, or lake) and vehicle or boat access. Wood BBQs and fireplaces, cold showers, picnic tables, a cooking shelter and rubbish bins may be provided.

Backcountry campsites \$6* adult; \$3 child

Backcountry campsites have toilets and a water supply, which may be from a stream. Picnic tables, cooking shelters and fireplaces may be provided.

Basic campsites no charge

These have very limited facilities so campers need to be fully self-sufficient. Basic toilets and water may be from a tank, stream or lake.

Age categories for fees:

Adult:	18+ years
Child:	5–17 years
Infant:	0–4 years, no charge.

* Extra charges apply for powered sites: \$3 per adult; \$1.50 per child.

Booking and paying fees

Bookings are required for all Serviced campsites and for some Scenic and Standard campsites in peak season (usually 1 October – 30 April). Most bookings can be made at booking.doc.govt.nz or at a DOC Visitor Centre.

Where bookings are not required, pay fees via the self-registration system at the campsite, or at a Visitor Centre. These campsites operate on a first come, first served basis.

Fees are generally charged per person per night, and reflect the level of facilities and services provided. DOC rangers patrol camping areas and will check that fees have been paid.

At the campsite

Camping care code

- Be a careful camper and practise ‘no trace’ camping
- Choose your campsite carefully; set up your camp on firm, high or sandy ground. Camp only in designated areas.
- Be tidy and always leave campsites clean. Take your rubbish with you if bins are not provided.
- Use a cooker, fireplace or BBQ. Light fires only where allowed, collect dead wood and keep the fire small. Soak the fire with water before you go.
- Detergents, soap and toothpaste can harm aquatic and marine life. Use biodegradable products and wash in a container well away from water sources.
- Always use toilets provided.
- Campgrounds are social places but everyone needs some rest and relaxation. Please respect the rights of others for quiet enjoyment of the outdoors. Limit generator use (where permitted) between 9pm and 8am.
- Pay your fees to help keep campsites available in the future.
- Always thoroughly clean your equipment before and after trips to minimise the spread of weeds and diseases.
- Protect native plants and animals.

Campsites and dogs

Dogs are **not permitted** at Conservation Campsites unless the ‘dogs permitted’ or ‘dogs on a leash’ symbol is present.

With most campsites located in or near protected areas it is important to keep your dog under control. Even the most obedient dog has the potential to kill wildlife.

Dog owners who take their dogs into dog-prohibited campsites or controlled areas without a permit, or breach the conditions of their permit, are liable to prosecution. Controlling your dog also respects other people’s rights to use and enjoy the outdoors.

Visit doc.govt.nz/dogcampsites for further information.

Beware of thieves

Remember to lock your vehicle and take your valuables with you.

Gravel roads and insurance

If you are driving a rental vehicle, remember to check whether you are insured when driving on unsealed roads.

Protect our wildlife

from disease ...

Some of these campsites are in areas where native species are vulnerable to disease. You can prevent disease from spreading by following some simple precautions, including cleaning gear before and after entering these areas. Look for notices at the campsites and local DOC Visitor Centres for details.

BETWEEN WATERWAYS

Didymo is an exotic alga that invades waterways. This microscopic pest can be spread by a single drop of water. Even if you can't see it, you could be spreading it.

A large number of Conservation Campsites are near rivers and lakes, so always remember to **Check, Clean, Dry** all footwear, bicycles, vehicles, fishing equipment and other items before entering, and when moving between, waterways. For more information and cleaning guidelines, go to biosecurity.govt.nz/didymo or doc.govt.nz/stopthespread.

Kauri dieback is a disease that kills kauri trees. To prevent the spread of kauri dieback, keep to the defined tracks, and clean your footwear, tyres and other equipment before and after visiting kauri forest areas. Stay away from kauri tree roots.

Visit kauridieback.co.nz or call 0800 NZ KAURI (0800 695 2874).

... and from invasive pests

Some special campsites are located on islands free of most of our invasive pest animals and plants. We rely on you to help keep them this way.

Inspect and clean your tent and other camping gear thoroughly before leaving home and between locations. Remove any mud (check the pegs and peg bag), sand, plant material, insects or animals such as mice or rats, Argentine ants and plague (rainbow) skinks – and don't forget to check inside your tent. It's also important to check your clothing and footwear for weed seeds and soil before and after each trip. If you're taking a boat or kayak, check these too.

DOC staff may make biosecurity checks of your footwear and gear when you arrive on an island to ensure your gear is pest free. Report sightings of pests on pest-free islands immediately to the DOC HOTline 0800 362 468.

NORTHLAND

Cape Reinga/Te Rerenga Wairua

Te Urewera

Te Urewera is the spiritual home of Ngāi Tūhoe, it expresses and gives meaning to Tūhoe culture, language, customs and identity.

Te Urewera National Park status is now removed by Te Urewera Act 2014. The Deed of Settlement with the Government in 2013 redressed Tūhoe historical Treaty of Waitangi claims and saw kaitiakitanga (guardianship) of Te Urewera return to Tūhoe. Today Te Urewera is managed by Tūhoe in partnership with the Crown. The Te Urewera Act also recognises that Te Urewera has its own identity, in and of itself, inspiring people to commit to its care.

Te Urewera Board welcomes manuhiri (visitors), and advises the following campsites are available for use within Te Urewera.

54 Orangihikoia
