Insurance

1 Standard Insurance

This is included in the hire charge whereby all vehicles are insured for certain damage to the vehicle and third party property. The hirer is responsible for the first amount towards the repairs to the vehicle and any third party property (the excess). The exclusions in note 1 below are not included within this insurance. The excess amount is as follows:

Vehicle Type	Cost of Standard Insurance	Standard Insurance Excess	Standard Insurance Bond

A.The Damage Bond Deposit is debited from your credit card when the vehicle is collected and held as your excess. For this reason it is important that your credit card has sufficient funds available so as not to exceed your withdrawal allowance. If a credit card is not able to be used for this prior to vehicle collection, alternative payment methods must be made, otherwise the vehicle cannot be released for hire.

- 1. Should the vehicle be involved in an accident, the excess is applicable regardless of who is at fault and is frozen at the time the accident report is completed, not at the completion of the rental. The excess will be refunded if Abuzzy is successful in recovering the cost of the damages from the Third Party. Please note that Third Party claims can take months to resolve.
- 2. The excess applies in respect of each claim, not the rental.
- 3. The Damage Bond Deposit will be refunded by credit card refund, postal cheque or internet bank transfer, or other agreed method if the vehicle is returned on time, undamaged, clean, toilet emptied and gas bottles fully charged (for Motorhomes only) and fuel tank full.

The insurance excess is reduced if either of the following insurance reductions are accepted and paid for at the time of booking the vehicle.
